Terri,

I need to defer to you on this.

**Importance:** High

Hi Bonnie - a request from HQ for any comments R3 may have on this congressional letter re: long-term health studies with CDC. Can you assist, please

Mark

**Subject:** Draft CDC response to WV delegation request for health studies

Hi Linda and Mark,

In addition to the draft CDC response to the Feb. 27 Senator Rockefeller letter to CDC and EPA re: long-term public health risks, attached is a separate draft CDC response to the WV delegation requesting epi-tox studies and population monitoring. CDC has requested any EPA comments today on the delegation letter.

Can you let me know if this is doable and also if any EPA Region III input for the Rockefeller letter?

Thanks.
